

The University Institute of Tomas Bata University in Zlin and the **Plastics Cluster**

would like to invite you
to the **international conference**

Conference Venue: Faculty of Humanities
Stefanikova 5670, Zlin
21-22/9

PLASTKO 2022 21-22/9

The aim of the conference is to show that the plastic manufacturing and processing sector is not only a source of world pollution, as much of the mass media presents, but also a sector which contributes to environmental protection in the long term. And of course, the conference will help manufactures find the right arguments to use when products are promoted in the final market.

You can look forward to:

- the works of lecturers with long-term experience in the field of **“bio-plastics”**
- **case studies** changing the perspective on plastic usage
- **contributions from speakers** from different fields and with different opinions on plastics
- participation of ECP4, The European composites, Plastics and Polymer Processing Platform
- poster presentations
- modern spaces designed by world-renowned architect Professor Eva Jiříčná
- a conference dinner full of traditional Wallachian delicacies

Conference fee until

29 July 2022: EUR 325 (VAT is NOT included)

26 August 2022: EUR 365 (VAT is NOT included)

Conference capacity is limited

All conference contributions will be published in the electronic conference proceedings.
Official languages: Czech, English.
